INTRODUCTION

The mission of World Taekwondo (WT) is to develop and grow Taekwondo throughout the world, from a grassroots level all the way through to an elite level. WT also strives to provide all with the opportunity to play, watch, and enjoy the sport regardless of age, gender, religion, ethnicity or ability.

In this regard, the WT Development Program is designed to provide support including resources, education and training to its Continental Unions (CUs), Member National Associations (MNAs) and related stakeholders to ensure growth of Taekwondo at every level, in every country in order to enhance their own capacities and technical expertise. In addition, WT aims to enhance cooperation with CUs, MNAs and any other partnering organizations to implement development programs and increase participation and accessibility of its stakeholders.

Due to the impact of Pandemic of Covid-19, WT had to cease the Development Program in 2021 and is delighted to announce that the program will resume in 2022 thanks to organization of the Tokyo 2020 Olympic Games.

However, financial condition of WT has not fully recovered. Therefore, the development program for the year of 2022 will be downsized comparing to the programs of 2019 and backwards.

In addition, it should be noted that the importance of good governance is considered more important than ever, so the proper documentation of the report will be required to all beneficiaries.

The 2022 WT Development Program consists of 6 areas as follows:

1. MNA Equipment Support
2. MNA Participation Support for WT General Assembly
3. MNA Participation Support for World Championships
4. Individual Athlete Scholarship
5. Refugee Solidarity Program
6. WT-CU Development Fund
7. WT Cares Program (for Asia)

The program recipients (CU, MNAs and any other stakeholders) must submit the report on how they used the fund or resources provided by the WT. Failure to submit the report may restrict applications for the program in the following year.
