VISA INFORMATION

EMBASSY OR CONSULATE

The Organizing Committee can provide recommendation letters for visa applications.
However, MNA's are required to check Côte d'Ivoire entry visa application waiting times in their own countries and submit requests for recommendation letters to the organizing committee.
The Organizing Committee can only offer assistance. It is the responsibility of each athlete and MNA to apply for and secure the correct entry visa for Côte d'Ivoire at the embassy or consulate.
MNA's are requested to complete the attached visa application recommendation form at least one week before the waiting time deadline in their own country.

VISA INFORMATION

N.B: At the end of pre-enrollment and payment, the applicant receives **two documents** (**the registration receipt and pre-enlistment approved by the Authority of the Ministry of Interior**).

The registration receipt is received immediately after the pre-registration and contains the text data (personal information, trip data ...).
And pre-approved enlistment of the authority agrees. This document may be received within a maximum of 48 hours after the pre-enrollment online by the user.

With these 2 documents (registration receipt and pre-approved enrollment), the applicant can take its flight to Abidjan and to enlist (capture fingerprints and photo) to FHB airport. The visa is obtained directly by the applicant before leaving the airport by E-visa equipment installed at the finish.

N.B: It is very important to note that the Authority may reject the request of the user who decides to obtain the biometric visa at the airport Felix Houphouet Boigny (FHB).

In this case, the user will receive a notification in the E-mail as follows:

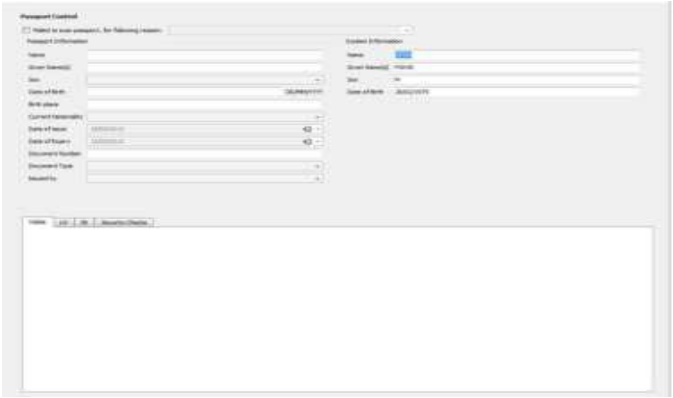
II-ENTRY PROCEDURE:

At the airport, if travelers choose to proceed to the airport, the approval process is handled by the local authorities in Abidjan. It is not possible to travel to Ivory Coast without having received an approval email. When travelers arrive at the airport, the operator or the operator is responsible for enrollment guide through the following steps:

1- Registration of pre-registration code and payment verification code:
This is to read the pre-enlistment code using a bar code reader.

2- Reading Passport:
This is to highlight all the information encoded in the MRZ code and the passport chip.

The identity data and information contained in the documents provided during the pre-registration are compared with data and passport information.



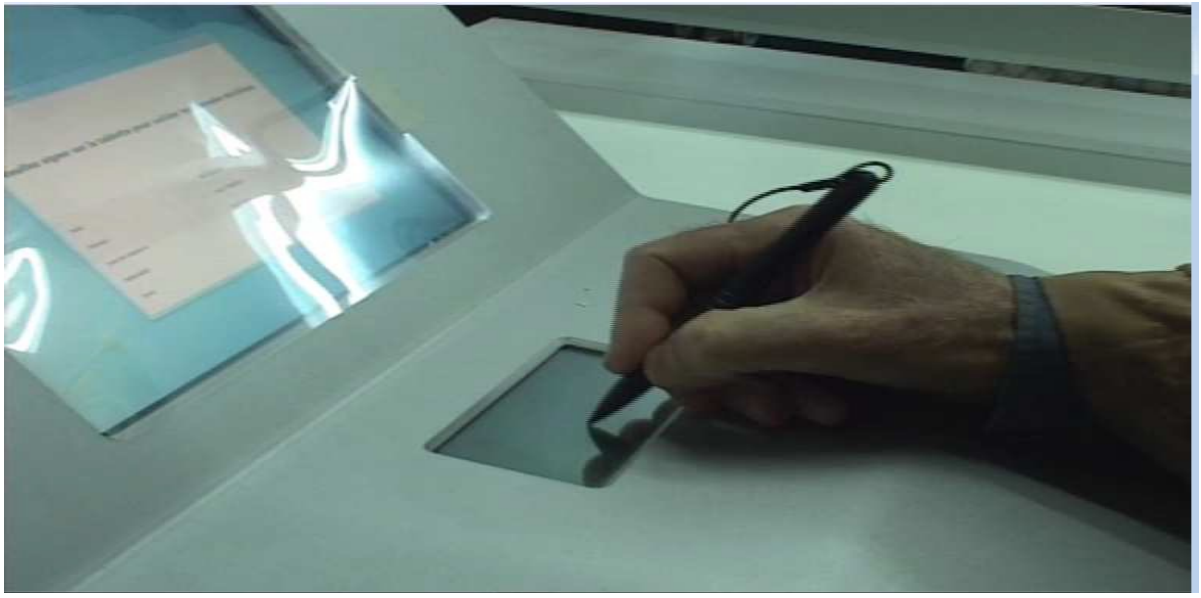
3- Registration of the applicant's biometric data (photo, fingerprints).
This step requires the physical presence of the applicant.
- The user has the possibility to slide the objective of the camera according to size.

- The capture of fingerprints:

The verification of recorded data is performed by the user using the electronic signature pad available on the enrollment kit.

- If the recorded data is correct, and he affixes his signature electronically valid.

- (. Biographical data, trip information ...) If there are one or more errors in the recorded data, the user indicates to the operator or the rectifies and further subjected to validate the user.



6- visa Printing

After printing, the visa is pasted in the passport is issued to the applicant

III-Conclusion:

E-visa granting procedure is very simple and allows the user to have a very secure travel document within a short time, that is to say, he obtained the visa immediately at the airport
