Purpose and Organization of these Rules

Purpose

These Athlete Rules (referred to generally as “the Rules”) provide a framework within which the process of “Athlete Classification” may take place. The term “Classification” refers to a structure for Competition to ensure that an Athlete's Impairment is relevant to sport performance, and that Athletes compete equitably with each other. The purpose of Classification is to define who is eligible to compete in Para Taekwondo and to group athletes in sports classes for competition in Kyrogi and Poomsae

b) and group Athletes into Sport Classes which aim to ensure that the impact of Impairment is minimised and sporting excellence determines which Athlete or team is ultimately victorious.

1.4 International Classification

WT will only permit an Athlete to compete in an International Competition if that Athlete has been allocated a Sport Class (other than Sport Class Not Eligible) and designated with a Sport Class Status in accordance with these Classification Rules.

1.4.1 WT will provide opportunities for Athletes to be allocated a Sport Class and designated with a Sport Class Status in accordance with these Classification Rules at Recognized Competitions (or other such locations as defined by WT). WT will advise Athletes and National Member Associations in advance of Recognized Competitions (or other such locations).

Classification Personnel

2.2 WT will appoint the following Classification Personnel, each of whom will have a key role in the administration, organization and execution of classification for Para Taekwondo:

Head of Classification

2.2.1 The Head of Classification shall be appointed by WT to be responsible for the direction, administration, coordination and implementation of all classification matters for Para Taekwondo.

2.2.2 The Head of Classification is responsible for appointing Classification Panel(s) who will conduct International Classification at Recognised Competitions.

2.2.3 The Head of Classification is not required to be a certified Classifier, however, must have extensive knowledge of WT Para Taekwondo Athlete Rules, policies and procedures and the IPC classification Code and Standards.

2.2.5 Head of Classification may be appointed as a Classifier (if certified as a Classifier) or Chief Classifier.

2.2 Para Taekwondo Classification Committee

The Para Taekwondo Classification Committee shall consist of medical classifiers, technical classifiers, and others deemed appropriate. Ad-hoc members may be appointed by the Head of Classification.

The WT Staff responsible for keeping and updating the WT Master List of all Athletes which includes Athletes name, Nationality, Sport Class and Sport Class Status. The WT Staff co-ordinates the pre-event process in collaboration with the Head of Classification and is the contact point between Athletes, Coaches, Officials and Classifiers. The WT Masters List of Athletes, Classifiers, Athlete Support Personnel and Translators will be administered through the WT Global Membership System (GMS).

2.4 Classifiers

2.5.1 A Classifier is a person authorised as an official and certified by WT as being competent to conduct Athlete Evaluation as a member of a panel.

2.5.2 WT classifiers are required, when appropriate, to assist in the research, development and clarification of the Athlete Rules and Sport Class profiles for Para Taekwondo, participate in Classifier workshops arranged by WT; and attend Classifier training as requested from time to time by the WT.
2.6 Chief Classifiers

2.6.1 A Chief Classifier is a classifier appointed by WT-HoC for a specific WT Sanctioned or promoted Para Taekwondo Competition and is responsible for the direction, administration, co-ordination and implementation of classification matters at a Competition.

A Chief Classifier may be required by WT to do the following:

- Review Medical Diagnostic Forms
- Supervise Classifiers to ensure that the Rules are applied properly during Competition;
- Manage the Protest process in consultation with the Head of Classification
- Liaise with the relevant Competition organiser and WT staff to ensure that all travel, accommodation and other logistics are arranged in order that Classifiers may carry out their duties at the Competition;

2.7 Trainee Classifiers

2.7.1 A Trainee Classifier is a person who is in the process of formal training by WT

2.7.2 WT may appoint Trainee Classifiers to participate in some or all components of Athlete Evaluation under the supervision of a Classification Panel, to develop Classifier Competencies.

Classifier Competencies, Qualifications and Responsibilities

2.8 WT certifies Classifiers who have abilities and qualifications relevant to conduct Athlete Evaluation in respect of Athletes with Physical, Visual or Intellectual Impairment.

2.9 WT Regulations on the Administration of International Para Taekwondo Classifiers found in Appendix Six which includes but is not limited to details of Classifier Competencies, training pathways, course content and code of conduct. The Classifier Competencies include that a Classifier has:

- a thorough understanding of these Athlete Rules;
- an understanding of the Kyorugi and Poomsae, including an understanding of the technical rules of the Kyorugi and Poomsae;
- an understanding of the IPC Code and the International Standards;

2.10 WT requires Classifiers to have one of the below qualifications to be considered for certification as WT Classifier:

2.10.1 Medical Classifier - a certified medical professional in a field relevant to the Impairment category which WT at its sole discretion deems acceptable, e.g. physicians and physiotherapists for Athletes with Physical Impairment, ophthalmologists and optometrists for athletes with Visual Impairment, and psychologists for athletes with Intellectual Impairment.

2.10.2 Technical Classifier - an extensive coaching, experience as an elite Taekwondo athlete or other relevant background in the sport of Taekwondo, which WT at its sole discretion deems to be acceptable.
Classifier Code of Conduct

2.11 All Classification Personnel must comply with the standards of behavior mandated in WT Regulations on the Administration of International Para Taekwondo Classifiers and the WT Classifier Code of Conduct.

2.11.1 Any person who believes that any Classification Personnel may have acted in a manner that contravenes the Classifier Code of Conduct must report this to Head of Classification or WT Para-taekwondo staff.
3 Article Three - Classification Panels

3.1 A Classification Panel is a group of classifiers appointed by WT to conduct some or all components of Athlete Evaluation

3.1.1 A Classification Panel will be comprised of a minimum of two (2) Classifiers, one medical and one technical.

3.1.2 Trainee classifiers may be part of a Classification Panel and participate in Athlete Evaluation.

3.2 In special circumstances, a Chief Classifier and / or Head of Classification may provide that a Classification Panel may be comprised of only one Classifier, if the classifier is a WT certified medical classifier. In this case only the status R may be assigned to athletes classified by one classifier.

3.3 The HoC or CC may, at their discretion include additional international classifiers.

3.4 Classification Personnel should have no relationship with any Athlete or Athlete Support Personnel present at a Competition or otherwise that might create any actual or perceived bias or Conflict of Interest. Classification Personnel must disclose any actual or perceived bias or Conflict of Interest that may be relevant to their appointment as a member of any Classification Panel to the Head of Classification.

3.5 WT will ensure that Classifiers who act as members of a Classification Panel at a Competition will not have any official responsibilities other than Athlete Evaluation.

3.6 A Classification Panel may seek third party expertise of any nature if it considers, in its sole discretion, that this would assist it in completing the process of Athlete Evaluation.

3.7 Classification Panel Responsibilities

A Classification Panel is responsible for conducting an Evaluation Session. As part of the Evaluation Session the Classification Panel must:

3.7.1 assess whether an Athlete complies with Minimum Impairment Criteria for the sport;
3.7.2 assess the extent to which an Athlete is able to execute the specific tasks and activities fundamental to the sport; and
3.7.3 conduct (if required) Observation in Competition.
4 Article Four - Athlete Evaluation
4.1 General Provisions

WT has specified in these Rules the process, assessment criteria and methodology whereby Athletes will be allocated a Sport Class and designated a Sport Class Status. This process is referred to as Athlete Evaluation.

4.1.1 Athlete Evaluation encompasses several steps and these Rules therefore include provisions regarding:

4.1.2 Prior to competition an assessment of whether an Athlete has an Eligible Impairment for the sport of Para Taekwondo;

4.1.3 An assessment of whether an Athlete complies with Minimum Impairment Criteria for the sport; and

4.1.4 The allocation of a Sport Class (and designation of a Sport Class Status) depending on the extent to which an Athlete can execute the specific tasks and activities fundamental to the sport (with the exception for athletes with Vision Impairment, where the current assessment criteria is not yet sport specific.)

4.2 Eligible Impairment

Any Athlete wishing to compete in WT must have an Eligible Impairment and that Eligible Impairment must be Permanent.

4.2.1 Appendices of these Rules specify the Eligible Impairment(s) an Athlete must have to compete in Para Taekwondo.

4.2.2 Any Impairment that is not listed as an Eligible Impairment in the is referred to as a Non-Eligible Impairment. Appendix One includes examples of Non-Eligible Impairments.

4.3 Assessment of Eligible Impairment

4.3.1 WT determines if an Athlete has an Eligible Impairment for Para Taekwondo.

4.3.2 To determine that an Athlete has an Eligible Impairment, WT requires any Athlete to demonstrate that he or she has an Underlying Health Condition.

4.3.3 How WT determines that an individual Athlete has an Eligible Impairment is at the sole discretion of WT. WT may consider that an Athlete's Eligible Impairment is sufficiently obvious and therefore not require evidence that demonstrates the Athlete's Eligible Impairment.

4.3.4 If in the course of determining if an Athlete has an Eligible Impairment the WT becomes aware that the Athlete has a Health Condition, and believes that the impact of that Health Condition may be unsafe for that Athlete to compete or there is a risk to the health of the Athlete (or other Athletes) if that Athlete competes, it may designate the Athlete as Classification Not Completed (CNC) in accordance with Article 4.14 of these Rules. In such instances, WT will explain the basis of its designation to the relevant MNA.

4.4 If requested, an Athlete must supply WT with Diagnostic Information that must be provided as follows:

4.4.1 The relevant Member Nation Association (MNA) must submit a Medical Diagnostics Form to WT HoC minimum of 4 weeks prior to the close of registration for a competition.

4.4.2 The Medical Diagnostics Form must be completed in English and dated and signed by a certified medical professional.
4.4.3 The Medical Diagnostic Form must be submitted with supportive Diagnostic Information by the MNA to the WT.

4.5 WT HoC may require an Athlete to re-submit the Medical Diagnostics Form (with necessary supportive Diagnostic Information) if the WT HoC, at their sole discretion, considers the Medical Diagnostic Form and/or the Diagnostic Information to be incomplete or inconsistent.

4.6 If WT HoC requires an Athlete to provide Diagnostic Information he/she may consider the Diagnostic Information, and/or may appoint an Eligibility Assessment Committee to do so.

The process by which an Eligibility Assessment Committee is formed and considers Diagnostic Information is as follows:

- The Head of Classification will notify the relevant MNA that Diagnostic Information must be provided on behalf of the Athlete. The Head of Classification will explain what Diagnostic Information is required, and the purposes for which it is required.

- The Head of Classification will set timelines for the submission of Diagnostic Information to WT.

- The Head of Classification will appoint an Eligibility Assessment Committee. The Eligibility Assessment Committee must, if practical, be comprised of the Head of Classification and at least two other experts with appropriate medical qualifications. All members of the Eligibility Assessment Committee must sign confidentiality undertakings.

- If the Head of Classification believes that he or she does not hold the necessary competencies to assess the Diagnostic Information, he or she will not participate in the review of the Diagnostic Information, but will assist the Eligibility Assessment Committee.

- Wherever possible all references to the individual Athlete and the source(s) of the Diagnostic Information should be withheld from the Eligibility Assessment Committee. Each member of the Eligibility Assessment Committee will review the Diagnostic Information and decide whether such information establishes the existence of an Eligible Impairment.

- If the Eligibility Assessment Committee concludes that the Athlete has an Eligible Impairment the Athlete will be permitted to complete Athlete Evaluation with a Classification Panel.

- If the Eligibility Assessment Committee is not satisfied that the Athlete has an Eligible Impairment the Head of Classification will provide a decision to this effect in writing to the relevant MNA. The MNA will be given an opportunity to comment on the decision and may provide further Diagnostic Information to the Eligibility Assessment Committee for review. If the decision is subsequently revised, the Head of Classification will inform the MNA.

- If the decision is not changed, the Head of Classification will issue a final decision letter to the MNA.

- The Eligibility Assessment Committee may make its decisions by a majority. If the Head of Classification is part of the Eligibility Assessment Committee, he or she may veto any decision if he or she does not agree that the Diagnostic Information supports the conclusion that the Athlete has an Eligible Impairment.

Minimum Impairment Criteria
4.7 An Athlete who wishes to compete in Kyorugi or Poomsae must have an Eligible Impairment that complies with the relevant Minimum Impairment Criteria (MIC) for that sport.

4.8 WT has set Minimum Impairment Criteria (MIC) to ensure that an Athlete’s Eligible Impairment affects the extent to which an Athlete is able to execute the specific tasks and activities fundamental to the sport.

4.9 Appendices of these Rules specify the Minimum Impairment Criteria applicable to each impairment group and the process by which an Athlete’s compliance with Minimum Impairment Criteria is to be assessed by a Classification Panel as part of an Evaluation Session.

4.10 Any Athlete who does not comply with the Minimum Impairment Criteria for Para Taekwondo will be allocated Sport Class Not Eligible (NE).

4.11 Adaptive Equipment

4.11.1 for Eligible Impairments, other than Vision Impairment, Minimum Impairment Criteria does not consider the extent to which the use of Adaptive Equipment might affect how the Athlete is able to execute the specific tasks and activities fundamental to the sport;

4.11.2 Athletes with brachial plexus or a unilateral impairment with a total loss of strength can present in classification with the affected limb under the hogo for safety reasons.

An athlete wanting to make a change in equipment shall make a Medical Review Request. The Medical Review Request can only be made during their first year of competition, or at the start of a new Paralympic cycle.

4.11.3 for Vision Impairment, Minimum Impairment Criteria will consider the extent to which the use of Adaptive Equipment might affect how the Athlete is able to execute the specific tasks and activities fundamental to the sport.
Classification Not Completed

.12 If at any stage of Athlete Evaluation, the WT or a Classification Panel is unable to allocate a Sport Class to an Athlete, the Head of Classification or the relevant Chief Classifier may designate that Athlete as Classification Not Completed (CNC).

.13 The designation Classification Not Completed (CNC) is not a Sport Class and is not subject to the provisions in these Rules concerning Protests. The designation Classification Not Completed (CNC) will however be recorded for the WT Classification Master List.

.14 An Athlete who is designated as Classification Not Completed (CNC) may not compete in the sport of Para Taekwondo.

Evaluation Process

4.12.15 The Athlete Evaluation process may encompass the following:

4.15.1 Physical Assessment: The Classification Panel will conduct a Physical Assessment of the Athlete with an Eligible Impairment to ensure that meets the Athlete meets relevant Minimum Impairment Criteria for the Impairment type; and

4.2 Technical Assessment: The Classification Panel should conduct a Technical Assessment of the Athlete which may include, but is not limited to, an assessment of the Athlete’s ability, in a non-competitive environment, the specific tasks, novel tasks and activities that are part of the Para Taekwondo in which the Athlete participates; and

4.3 Observation Assessment: The Classification Panel may conduct Observation Assessment, which shall involve observing an Athlete during training or first appearance in competition.

.16 How Physical, Technical and Observation Assessment are to be conducted are specified in the Appendices to these Rules.

4.17 Pre-Competition Athlete Evaluation Deaf / hearing impaired and Intellectually Impaired athletes may enter the competition with predetermined eligibility as per ICSD or INAS Master List. This only applies to event and Championships organized by the WT.

Athlete Evaluation Requirements

.18 The Athletes WT Member National Association is responsible for ensuring that the Athlete comply with their duties in relations to the provisions of this article. Athlete Evaluation and its associated processes will be conducted in English. If the Athlete and/or the Athlete Support Personnel require an interpreter, the WT Member National Association will be responsible for arranging the attendance of an interpreter.

.19 In respect to Athletes:

Athletes have the right to be accompanied by a member of the Athlete’s National Member Association when attending an Evaluation Session. The Athlete must be accompanied if the Athlete is a minor or has an Intellectual Impairment.

4.19.1 The person chosen to accompany the Athlete to an Evaluation Session should be familiar with the Athlete’s Impairment and sport history.

4.19.2 The Athlete and accompanying person must acknowledge the terms of the Athlete Evaluation Agreement Form as specified by WT.
4.19.3 The Athlete must verify his or her identity to the satisfaction of the Classification Panel, by providing a document with a picture such as a passport, ID card, GAL card or event accreditation.

4.19.4 The Athlete must attend Athlete Evaluation with all sports equipment and attire used in competition to include arm protectors, slings or other equipment used in competition.

4.19.5 The Athlete must disclose either prior to, or at, Athlete Evaluation details of any medication and/or medical device or implant used by the Athlete.

4.19.6 The Athlete must comply with all reasonable instructions given by a Classification Panel.

4.20 In respect of the Classification Panel:

4.20.1 The Classification Panel may request that an Athlete provide additional medical documentation relevant to the Athlete's Eligible Impairment if the Classification Panel believes that this will be necessary for it to allocate a Sport Class.

4.20.2 The Classification Panel may at any stage seek medical, technical or scientific opinion(s), with the agreement of the Head of Classification and/or a Chief Classifier if the Classification Panel feels that such opinion(s) is necessary in order to allocate a Sport Class.

4.22.3 The Classification Panel may make, create or use video footage and/or other records to assist it when allocating a Sport Class.

4.22.4 The Athlete is verbally informed of the outcome of classification.

Failure to Attend Athlete Evaluation

4.23 An Athlete is personally responsible for attending an Evaluation Session.

4.24 An Athletes MNA must take reasonable steps to ensure that the athlete attends an Evaluation session.

4.25 If an Athlete fails to attend an Evaluation Session, the Classification Panel will report the failure to the Chief Classifier. The Chief Classifier may, if satisfied that a reasonable explanation exists for the failure to attend and subject to the practicalities at a Competition, specify a revised date and time for the Athlete to attend a further Evaluation Session before the Classification Panel.

4.26 If the Athlete is unable to provide a reasonable explanation for non-attendance, or if the Athlete fails to attend an Evaluation Session on a second occasion, no Sport Class will be allocated, and the Athlete will not be permitted to compete at the relevant Competition.

Suspension of Athlete Evaluation

4.26.1.27 A Classification Panel, in consultation with the Chief Classifier, may suspend Athlete Evaluation session if it cannot allocate a Sport Class to the athlete, including but not limited to, one or more of the following circumstances:

4.27.1 a failure on the part of the Athlete to comply with any part of these Rules

4.27.2 a failure on the part of the Athlete to provide any medical information that is reasonably required by the Classification Panel;

4.27.3 if the Classification Panel considers that the use (or non-use) of any medication and/or medical...
4.26.4.27.4 if an Athlete has a health condition that limits or prohibits the Athlete from complying with requests made by the Classification Panel during an Evaluation Session, which the Classification Panel considers will affect its ability to conduct Athlete Evaluation in a fair manner (e.g. pain);

4.27.5 if an Athlete refuses or is unable to comply with any reasonable instructions given to him or her by a Classification Panel during to such an extent that the Evaluation Session cannot be conducted in a fair manner;

4.27.6 and/or the athlete is unable to communicate effectively with the Classification Panel

4.27.7 if an Athlete's representation of his or her abilities are inconsistent with other information made available to the Classification Panel to the extent that the panel are unable to conduct the Evaluation Session in a fair manner.

4.27.28 If a Classification Panel suspends an Athlete Evaluation session the following steps will be taken:

4.28.1 an explanation for the suspension and details of the remedial action that is required on the part of the Athlete will be provided to the Athlete and/or the relevant National Member Association.

4.28.2 if the Athlete takes the remedial action to the satisfaction of the Chief Classifier or Head of Classification, the Evaluation Session will be resumed; and

4.28.3 if the Athlete fails to comply and does not take the remedial action within the timeframe specified, the Evaluation Session will be terminated, and the Athlete must be precluded from competing at any Competition until the determination is completed.

4.28.4 The Panel will designate the Athlete as being "Classification Not Completed" (CNC) within the Classification Master List for Para Taekwondo. This designation will preclude the Athlete from competing at any Competition.

4.28.5 The Athlete and/or Athlete Support Personnel may be subject to further investigation regarding Misrepresentation of the athlete's abilities.

Observation in Competition

4.29 A Classification Panel may require that an Athlete undertake Observation in Competition Assessment before it allocates a final Sport Class and designates a Sport Class Status to that Athlete.

4.30 The process by which Observation in Competition Assessment may be undertaken, and the matters to be observed, are set out in Appendix 1

4.31 If a Classification Panel requires an Athlete to complete Observation in Competition Assessment, the Athlete will be entered in the Competition with the Sport Class allocated by the Classification Panel after the conclusion of the initial components of the Evaluation Session.

4.32 An Athlete who is required to complete Observation in Competition Assessment will be designated with Tracking Code: Observation Assessment (OA). This replaces the Athlete's Sport Class Status for the duration of Observation in Competition Assessment.

4.33 Observation in Competition Assessment must take place during First Appearance. In this regard:

4.33.1 First Appearance is the first time an Athlete competes in an Event during a Competition in a
Sport Class.

4.33.2 First Appearance within a Sport Class applies to participation in all Events within the same Sport Class.

4.34 If an Athlete is:

a) subject to a Protest following Observation in Competition; and
b) the second Evaluation Session is conducted at that same Competition; and
c) pursuant to the second Evaluation Session the Athlete is required to undergo Observation in Competition,

The Observation in Competition must take place at the next opportunity within the Sport Class allocated to the Athlete by the Protest Panel with Tracking Code Observation Assessment (OA).

4.35 The Classification Panel must allocate a Sport Class and replace the Athlete’s Tracking Code Observation Assessment (OA) by designating a Sport Class Status upon completion of First Appearance (or completion of any Observation in Competition conducted as part of a Protest). If changes to an Athlete’s Sport Class or Sport Class Status are made following Observation in Competition, the changes are effective immediately.

4.36 The impact of an Athlete changing Sport Class after First Appearance on medals, records and results is detailed in the WT Technical Rules.
5 Article Five - Sport Class and Sport Class Status

5.1 A Sport Class is a category defined by WT in these Rules, in which Athletes are grouped by reference to the impact of an Eligible Impairment on their ability to execute the specific tasks and activities fundamental to a sport.

5.1.1 An Athlete who does not have an Eligible Impairment or does not comply with the Minimum Impairment Criteria for a sport must be allocated Sport Class Not Eligible (NE) for that sport in accordance with the provisions of Article 5.27 of these Rules.

5.1.2 An Athlete who complies with the Minimum Impairment Criteria for a sport must be allocated a Sport Class (subject to the provisions in these Rules concerning Failure to Attend Athlete Evaluation and Suspension of Athlete Evaluation).

Sport Class

5.2 The allocation of a Sport Class must be based solely on an evaluation by a Classification Panel of the extent to which the Athlete’s Eligible Impairment affects the specific tasks and activities fundamental to sport. This evaluation must take place in a controlled non-competitive environment, which allows for the repeated observation of key tasks and activities.

5.3 Appendices of these Rules specify the assessment methodology and assessment criteria for the allocation of a Sport Class and the designation of Sport Class Status.

5.4 A Sport Class will be allocated to an Athlete by a Classification Panel following Athlete Evaluation. A Sport Class cannot be allocated to an Athlete in any other circumstances.

5.5 The decision of the Classification Panel to allocate a Sport Class is final and subject to challenge only as prescribed in Article 6 and Article 7 of these Rules.

5.6 The WT conducts Para Taekwondo competitions in two disciplines Kyorugi and Poomsae. Classes competing in Kyorugi will have the “K” prefix. Classes competing in Poomsae will have the “P” prefix. The following Sport Classes are used for Para Taekwondo:

Sport Class Status

5.7 If a Classification Panel allocates a Sport Class to an Athlete, it must also designate a Sport Class Status. Sport Class Status indicates whether or not an Athlete will be required to undertake Athlete Evaluation in the future; and if the Athlete’s Sport Class may be subject to Protest.

5.8 The Sport Class Status designated to an Athlete by a Classification Panel at the conclusion of an Evaluation Session will be one of the following:

- Sport Class (N)
- Fixed Date Review (FRD)
- Sport Class Review (R)
- Sport Class Confirmed (C)

5.9 **Sport Class Status New (N)**

5.10 An Athlete is allocated Sport Class Status New (N) by WT prior to attending the Athlete’s first Evaluation Session. An Athlete with Sport Class Status New (N) must attend an Evaluation Session prior to competing at any International Competition.

**Sports Class Fixed Review Date (FRD)**

5.11 An Athlete may be designated Sport Class Status Fixed Review Date (FRD) if the Classification Panel believes that further Athlete Evaluation will be required but will not be necessary before a set date, being the Fixed Review Date.

5.12 If a Fixed Review Date is set in this manner, then:

5.12.1 An Athlete with Sport Class Status Fixed Review Date (FRD) will be required to attend an Evaluation Session at the first opportunity after the relevant Fixed Review Date; and

5.12.2 An Athlete who has been allocated Sport Class Status Fixed Review Date (FRD) may not attend an Evaluation Session prior to the relevant Fixed Review Date except pursuant to a Medical Review Request and/or Protest.

5.12.3 A Classification Panel that consists of only one Classifier may not designate an Athlete with Sport Class Status Fixed Review Date (FRD) but must designate the Athlete with Sport Class Status Review (R).

5.13 **Athletes with Sport Class Status Review (R)**

5.13.1 A Classification Panel will designate an Athlete with Sport Class Status Review (R) if he or she has completed Athlete Evaluation and been allocated a Sport Class, but the Classification Panel believes that further Athlete Evaluation will be required before the Athlete can be designated as Sport Class Confirmed (C). This may be, for a range of reasons, for example, because the Athlete has a fluctuating and/or progressive Impairment(s) that is/are permanent but not stable; and / or, has not reached full muscular skeletal or sports maturity.

5.13.2 An Athlete with Sport Class Status Review (R) must complete Athlete Evaluation prior to competing at any subsequent International Competition, unless WT specifies otherwise.

5.13.3 The Sport Class of any Athlete with Sport Class Status Review (R) may be subject to Protest by a National Body as prescribed in Article 6 of these Rules.

5.14 **Athletes with Sport Class Status Confirmed (C)**

5.14.1 A Classification Panel will designate an Athlete with Sport Class Confirmed (C) if he or she has completed Athlete Evaluation and has been allocated a Sport Class, and the Classification Panel is satisfied that the Athlete’s Impairment and the Athlete’s ability to execute the specific tasks and activities fundamental to the sport are and will remain stable.

5.14.2 An Athlete who has been designated with Sport Class Status Confirmed (C) is not required to undergo further Athlete Evaluation Evaluation (except pursuant to the provisions in these Rules concerning Protests (Article 6), Medical Review (Article 5.16) and changes to Sport Class criteria.
5.14.3 A Classification Panel that consists of only one Classifier may not designate an Athlete with Sport Class Status Confirmed (C) but must designate the Athlete with Sport Class Status Review (R).

Changes to Sport Class Criteria

5.15 If WT changes any Sport Class criteria and/or assessment methods defined in the Appendices to these Rules, then:

5.15.1 WT may re-assign any Athlete who holds Sport Class Status Confirmed (C) with Sport Class Status Review (R) and require that the Athlete attend an Evaluation Session at the earliest available opportunity; or

5.15.2 WT may remove the Fixed Review Date for any Athlete and require that the Athlete attend an Evaluation Session at the earliest available opportunity; and

5.15.3 in both instances the relevant National Body or National Paralympic Committee shall be informed as soon as is practicable.

Medical Review: Application to undergo Athlete Evaluation

5.16 A Medical Review Request may be made if an Athlete has been allocated:

5.16.1 A Sport Class with Sport Class Status Confirmed (C), or

5.16.2 A Sport Class with Sport Class Status Fixed Review Date (FRD)

A Medical Review Request must be made if a change in the nature or degree of an Athlete’s Impairment changes the Athlete’s ability to execute the specific tasks and activities required by a sport in a manner that is clearly distinguishable from changes attributable to levels of training, fitness and proficiency.

5.16.3 A Medical Review Request must be made by the Athlete’s National Body. The Medical Review Request must explain how and to what extent the Athlete’s Impairment has changed and why it is believed that the Athlete’s ability to execute the specific tasks and activities required by a sport has changed. It must explain that the Athlete’s relevant Impairment has changed since the last Athlete Evaluation to an extent that the Athlete’s Sport Class might not be accurate anymore;

5.16.4 it must be completed by an appropriately qualified health professional and include all relevant supporting documentation in English or with a certified English translation;

5.16.5 a non-refundable fee must be paid. See Appendix Five Table of Fees

5.17 Each Medical Review Request will be assessed by WT to ensure that all requisite information, documentation and fee have been provided. Once the Medical Review Request is complete, the Head of Classification will, in conjunction with such third parties as he or she considers appropriate, decide whether or not the Medical Review Request should be upheld.

5.18 If the Medical Review Request is upheld the Athlete’s Sport Class Status will be amended from Confirmed to Review; or the Athlete’s Fixed Review Date will be set aside; and the Athlete will be requested to undertake Athlete Evaluation at the next available opportunity.

5.19 If the Medical Review is denied the Head of Classification will inform the relevant MNA.

5.20 Athletes with a Physical Impairment

An athlete with a physical impairment may be allocated different sport classes for each discipline Kyorugi and Poomsae.
Sport Class Not Eligible - General Provisions

5.21 If WT determines that an Athlete:

5.21.1 has an Impairment that is not an Eligible Impairment; or does not have an Underlying Health Condition, WT must allocate that Athlete Sport Class Not Eligible (NE).

5.21.2 If a Classification Panel determines that an Athlete who has an Eligible Impairment does not comply with Minimum Impairment Criteria for a sport that Athlete must be allocated Sport Class Not Eligible (NE) for that sport.

Absence of Eligible Impairment

5.22 If WT determines that an Athlete does not have an Eligible Impairment, that Athlete: will not be permitted to attend an Evaluation Session; and will be allocated with Sport Class Not Eligible (NE) and designated with Sport Class Status Confirmed (C) by WT.

5.22.1 If another International Sport Federation has allocated an Athlete with Sport Class Not Eligible (NE) because the Athlete does not have an Eligible Impairment WT may likewise do so without the need for the process detailed in Article 4.2 of these Rules.

5.22.2 An Athlete who is allocated Sport Class Not Eligible (NE) by WT or a Classification Panel (if delegated by WT-Para Taekwondo) because that Athlete has an Impairment that is not an Eligible Impairment; or a Health Condition that is not an Underlying Health Condition; That athlete has no right to request such determination be reviewed by a second Classification Panel and will not be permitted to participate in any sport.

Absence of Compliance with Minimum Impairment Criteria

5.23 If a Panel finds an athlete does not meet the Minimum Impairment Criteria a second Classification Panel must review by way of a second Evaluation Session any Athlete who is allocated Sport Class Not Eligible (NE) on the basis that a Classification Panel determines that the Athlete does not comply with Minimum Impairment Criteria. This must take place as soon as is practicable.

5.23.1 Pending the second Evaluation Session the Athlete will be allocated Sport Class Not Eligible (NE) and designated Sport Class Status Review (R). The Athlete will not be permitted to compete before such re-assessment.

5.23.2 If the second Classification Panel determines the Athlete does not comply with Minimum Impairment Criteria (or if the Athlete declines to participate in a second Evaluation Session at the time set by the Chief Classifier); Sport Class Not Eligible (NE) will be allocated and the Athlete designated with Sport Class Status Confirmed (C).

5.23.3 If the outcome of a Protest on a previously allocated Sport Class other than Not Eligible (NE) results in the athlete being allocated Sport Class Not Eligible (NE) by a Protest Panel, the Athlete must be provided with a further and final Evaluation Session which will review the decision to allocate Sport Class Not Eligible (NE) made by the Protest Panel.

5.23.4 If a Classification Panel allocates Sport Class Not Eligible (NE) on the basis that it has determined that an Athlete does not comply with Minimum Impairment Criteria for the sport then the Athlete may be eligible to compete in another sport, subject to Athlete Evaluation for that sport. If an Athlete is allocated Sport Class Not Eligible (NE), this does not question the presence of a genuine Impairment. It is only a ruling on the eligibility of the Athlete to compete in the sport of WT.
Recognition of Sport Classes for Athletes with Visual Impairment of other Sports

5.24 If brought to the attention of WT that an Athlete with Visual Impairment and Sport Class Status Review with Fixed Review Date or Confirmed with WT, holds a different and more recently allocated Sport Class with another IF or Sport, then WT will adopt the Sport Class that indicates the most visual ability, and amend the Sport Class Status to Review. If the Sport Class by the other IF or Sport allocated is Not Eligible, the Athlete’s Sport Class of WT will not be changed, but the Sport Class Status will be changed to Review.
6 Article Six – Protests

6 Scope of the Protest

6.1 A protest can only be made in respect of an Athletes Sport Class. A protest cannot be made in respect of an Athletes' Sport Class Status.

6.2 A protest cannot be made in respect of an Athlete who has been allocated Sport Class Not Eligible (NE).

6.3 A WT National Member Association may make a Protest in respect of a Sport Class of any Athlete who entered the relevant Competition where Classification is offered with either Sport Class Status New (N) or Sport Class Status Review (R).

6.4 The decision that is the subject of the Protest is referred to in this part of the Rules as “the Protested Decision”, and the Athlete in respect of whose Sport Class the Protest is made is referred to as “the Protested Athlete”.

6.5 No WT National Member Association may make a Protest in respect of any Athlete who entered the relevant Competition with Sport Class Status Confirmed (C).

6.6 An Athlete’s Sport Class may only be protested once, unless an additional Protest is made pursuant to the provisions concerning Protests made by the WT.

6.7 A protest can only be made by one of the following bodies: a MNA or WT.

National Protests

6.8 A WT National Member Association may only make a protest in respect to athletes under their jurisdiction, an Athlete cannot submit a Protest.

6.9 If a Classification decision is published during the Classification Evaluation Period, the WT National Member Association must make a Protest within one (1) hour of the Classification decision being published. If a Protest is made during Competition following completion of an Athlete's Observation in Competition, the Protest must be submitted within fifteen (15) minutes of the Decision being published.

National Protest Procedure

6.10 Protests must be made by way of a designated Protest Form that will be made available by WT at the relevant Competition. The Protest Form will prescribe certain information and documentation that must be submitted with the Protest form. This will include the following:

6.13.1.10.1 Name, GAL number, Nation of the Athlete whose Sport Class is being protested;

6.11.2.10.2 The details of the Protested Decision;

6.10.3 An explanation as to why the Protest has been made and the basis on which the WT National Member Association believes that the Protested Decision is flawed;

6.10.4 Reference to specific rule(s) alleged to have been breached. The signature of the authorized WT National Member Association; and

6.10.5 A Protest Fee of 300 US Dollars

6.11.11 The Protest Documents must be submitted to the Chief Classifier of the relevant Competition within the timeframes specified by WT. Upon receipt of the Protest Documents the Chief Classifier must conduct a review of the Protest, in consultation with WT, of which there are two possible outcomes:
6.11.1 the Chief Classifier may dismiss the Protest if, in the discretion of the Chief Classifier, the Protest does not comply with the Protest requirements in this Article; or

6.11.2 the Chief Classifier may accept the Protest if, in the discretion of the Chief Classifier, the Protest complies with the Protest requirements in this Article.

6.12 If the Protest is dismissed the Chief Classifier must notify all relevant parties and provide a written explanation to the National Body or National Paralympic Committee as soon as practicable. The Protest Fee will be forfeited.

6.13 If the Protest is accepted:

6.13.1 the Protested Athlete’s Sport Class must remain unchanged pending the outcome of the Protest, but the Protested Athlete’s Sport Class Status must immediately be changed to Review (R) unless the Protested Athlete’s Sport Class Status is already Review (R);

6.13.2 WT must notify all relevant parties of the time and date the new Evaluation Session is to be conducted by the Protest Panel.

WT Protest Procedure

6.14 WT may, in its discretion, make a Protest at any time in respect of an Athlete under its jurisdiction if:

6.14.1 it considers an Athlete may have been allocated an incorrect Sport Class; or a National Body or National Paralympic Committee makes a documented request to WT-Para Taekwondo. The assessment of the validity of the request is at the sole discretion of WT.

6.15 If WT decides to make a Protest, the Head of Classification must advise the relevant National Body of the Protest at the earliest possible opportunity.

6.16 The Head of Classification must provide the relevant National Body with a written explanation as to why the Protest has been made and the basis on which the Head of Classification considers it is justified.

6.17 If WT makes a Protest:

6.17.1 the Protested Athlete’s Sport Class must remain unchanged pending the outcome of the Protest;

6.18.2 the Protested Athlete’s Sport Class Status must immediately be changed to Review (R) unless the Protested Athlete’s Sport Class Status is already Review (R); and

6.18.3 A Protest Panel must be appointed to resolve the Protest as soon as is reasonably possible.

Resolving a Protest

6.18 The Chief Classifier shall appoint a Classification Panel to conduct Athlete Evaluation in respect of the Athlete. This Classification Panel is referred to as a “Protest Panel”.

6.19 The Protest Panel must not include any person who was a Member of the Classification Panel that made the Protest Decision. It must not include any person who has been a Member of any Classification Panel that has conducted any Athlete Evaluation in respect of the Protested Athlete within a period of twelve (12) months prior to the date of the Protest Decision unless otherwise agreed by the MNA and WT.

6.20 WT will supply all documentation submitted with the Protest Form to the Protest Panel. The Chief Classifier
on behalf of the HoC will notify all relevant parties of the time and date for the Athlete Evaluation that will be conducted by the Protest Panel.

6.21 The Protest Panel will conduct Athlete Evaluation in respect of the Protested Athlete according to the provisions concerning Athlete Evaluation in these Rules. The Protest Panel may refer to the Protest Documents when conducting the new Evaluation Session.

6.22 The Protest Panel may make enquiries of the Classification Panel that made the Protested Decision and the Chief Classifier, if such enquiries will enable the Protest Panel to complete Athlete Evaluation in a fair and transparent manner. In addition, it may seek medical, sport, technical or scientific expertise in its conduct of Athlete Evaluation.

6.23 The Protest Panel will conclude Athlete Evaluation and, if appropriate, allocate a Sport Class and Sport Class Status. All relevant parties shall be notified of the Protest Panel's decision as quickly as possible following Athlete Evaluation.

6.24 If the Protest is upheld and the Sport Class of the Athlete is changed by the Protest Panel, the Protest Fee will be refunded to the WT National Member Association. If the Protest is not upheld and if the Sport Class of the Athlete is not changed by the Protest Panel, the Protest fee will be retained by WT.

6.25 The decision of the Protest Panel in relation to the National Protest and WT protest is final and is not subject to any further Protest.

6.27 If the sport class is changed because of the Protest decision the Technical delegate must be told immediately.

**Provisions Where No Protest Panel is Available**

6.28 If a Protest is made and accepted at a Competition and there is no opportunity for the Protest to be resolved at that Competition: If the Athlete has been allocated Sport Class Status Confirmed (C), that will be amended to Sport Class Status Review (R);

6.29 The Athlete will be required to compete in his or her current Sport Class, pending the resolution of the Protest.

6.30 WT will take all reasonable steps to ensure that the Protest is resolved at the earliest opportunity.

**Protests during Major Competitions**

6.31 WT and/or the IPC may issue special ad hoc provisions to operate during the Paralympic Games or other competitions.
7 Article Seven – Appeals

7.1 An Appeal is a formal objection by which a formal objection to how Athlete Evaluation and/or Classification procedures have been conducted is submitted and subsequently resolved.

7.3 If a National Member Association or National Paralympic Committee considers there have been procedural errors made in respect of the allocation of a Sport Class and/or Sport Class Status and consequently an Athlete has been allocated an incorrect Sport Class or Sport Class Status, it may submit an Appeal.

.4 WT has designated the International Paralympic Committee Board of Appeal on Classification (BAC) to act as the hearing body for all Appeals and all Athletes submitting to Athlete Evaluation irrevocably submit to the exclusive, final and binding jurisdiction of the BAC.

.5 The detailed rules of procedure in respect of Appeals are provided by the IPC in the form of the IPC BAC Bylaws (see IPC Handbook, Section 1, Chapter 2.8). In all other instances, an appeal must be made and resolved in accordance with the relevant rules of the WT.

.6 The BAC does not have the power to modify, alter and/or otherwise change any Sport Class or Sport Class Status.

7.7 An appeal body may decline to rule on an appeal if it appears that other available remedies, including but not limited to Protest procedures, have not been exhausted.

Ad Hoc Provisions Relating to Appeals

7.8 The WT and/or IPC may issue special ad hoc provisions to operate during the Paralympic Games or other Competitions.
Article Eight – Misrepresentation of Skills and/or Abilities

8.6 If another International Sports Federation brings disciplinary proceedings against an Athlete or Athlete Support Personnel in respect of Intentional Misrepresentation which results in consequences being imposed on that Athlete or Athlete Support Personnel, those consequences will be recognised, respected and enforced by WT.

8.7 Any consequences to be applied to teams, which include an Athlete or Athlete Support Personnel who is found to have been guilty of Misrepresentation and/or complicity involving Intentional Misrepresentation, will be at the discretion of WT.

**Introduction**

1.1 WT has designated Sport Classes for Athletes with Physical Impairment, which are defined in this Appendix.

1.2 WT monitors and conducts ongoing research into the Sport Classes for Athletes with Physical Impairment towards a sport-specific classification system based on activity limitations that result from Impairment.

### Non-Eligible Impairment Types for all Athletes

Examples of Non-Eligible Impairments include, but are not limited to the following:

- Pain;
- Hearing impairment;
- Low muscle tone;
- Hypermobility of joints;
- Joint instability, such as unstable shoulder joint, recurrent dislocation of a joint;
- Impaired muscle endurance;
- Impaired motor reflex functions;
- Impaired cardiovascular functions;
- Impaired respiratory functions;
- Impairment metabolic functions; and
- Tics and mannerisms, stereotypes and motor perseveration.

### Health Conditions that are not Underlying Health Conditions for all Athletes

Many Health Conditions do not lead to an Eligible Impairment and are not Underlying Health Conditions. An Athlete who has a Health Condition (including, but not limited to, one of the Health Conditions listed in the Eligible Impairments table) but who does not have an Underlying Health Condition will not be eligible to compete in Para Taekwondo.

Health Conditions that primarily cause pain; primarily cause fatigue; primarily cause joint hypermobility or hypotonia; or are primarily psychological or psychosomatic in nature do not lead to an Eligible Impairment.

Examples of Health Conditions that primarily cause pain include myofacial pain-dysfunction syndrome, fibromyalgia or complex regional pain syndrome.

An example of a Health Condition that primarily causes fatigue is chronic fatigue syndrome.
An example of a Health Condition that primarily causes hypermobility or hypotonia is Ehlers-Danlos syndrome.

Examples of Health Conditions that are primarily psychological or psychosomatic in nature include conversion disorders or post-traumatic stress disorder.
6.1 Sport Class \( \text{P31} \)

The \( \text{P31} \) athlete may appear to have near normal function when ambulating but the Athlete must demonstrate a limitation in function to Classifiers based on evidence of spasticity (increased tone), ataxia, athetosis or dystonic movements while performing on court in training.

The athlete has bilateral affected (lower limbs more affected), asymmetric bilateral affected, double unilateral (one arm leg on same side) or bilateral (affecting 3 limbs) with signs of spasticity involvement in both legs (ASAS grade 3 and 2) more so than in the arms (grade 1 and 2) able to walk and stand independently however single leg stance and shift of gravity often leads to difficulty in maintaining balance.

6.2 Sport Class \( \text{P32} \)

The \( \text{P32} \) class is for athletes with dyskinesias athetosis, dystonia, ataxia as well as athletes who have mild spastic (all 4 limbs) or a combination of the above.

The athlete can walk, however, has difficulty with coordination, smooth movement execution, slow movements, holding postures and in particular maintaining static balance.

The athlete’s coordination is impaired due to or a combination of; overshooting, involuntary movements, tremors and/or posturing of all or some body parts.

6.3 Sport Class \( \text{P33} \)

The \( \text{P33} \) is an athlete with spastic unilateral (one arm leg on same side) or very mild spastic hemi-dystonia. Spasticity grade 2 or 3 on only one side of the body. The other side has good functional control.

The lower limbs; the athlete has difficulty with walking on heels and significant difficulties with single leg stance, hopping on the impaired side. Side stepping and galloping towards the impaired side or with the impaired side leading is also affected.

The athlete has obvious asymmetry in both passive and active range of motion on the impaired side versus the non-affected side. Strength on the affected side is reduced

6.4 Sport Class \( \text{P34} \)

\( \text{P34} \) is the class for the athlete with very mild unilateral (one arm leg on same side) or bilateral affected (lower limbs more affected) (spasticity grade 1-2), mild athetosis, dyskinesia or dystonia, hemi-dystonia present less than 25 % in duration and less than 25% of max and very mild ataxia (SARA score band of 2-8)
7. Sport Class Profiles for Athletes with Physical Impairment

- Bilateral amputations below the elbow but above or through wrist (no carpal bones present in either wrist)
- Bilateral dysmelia in which the combined length of the upper limbs measured from acromion to the distal aspect is ≤ 0.674 x standing height but > 0.386 x standing height; that is the length from acromion to radial styloid in a normally proportioned body (0.337) multiplied by 2, and the length of a humerus in a normal proportioned body (0.193) multiplied by 2.

7.4 Sport Class K44
The K44 athlete has a MIC of; (see 2.2.2)

Limb deficiency
- Unilateral amputation, through or above wrist (i.e., no carpal bones present in affected limb). Arthrodesed wrist joints are Not Eligible.
- Unilateral dysmelia in which the length of the affected arm measured from acromion to fingertip is equal in length or shorter than the combined length of the humerus and the radius of the unaffected arm.
- Loss of great toe through or proximal of the MTP joint. (meta tarsal phalangeal joint.)
- Loss of all toes or toes II-V, proximal to MTP joints (this will leave most athlete unable to also meet Strength MIC e.g. cannot heel-lift to 25 degrees.)

Impaired muscle power
Must lose three muscle grades – e.g. grade 2 cannot complete one heel rise to 25 degrees.
- Brachial plexus – loss of three (3) muscle grade points in shoulder abduction e.g. grade 2 muscle strength and grade 2 or less in shoulder flexion

**Loss of PROM:**
Elbow flexion contracture; arm length is measured from acromion to longest finger/end of dysmelia is ≤ the distance measured from acromion to radial styloid on unaffected arm with the elbow extended passively to the longest. OR Complete arthrodesis of the elbow Total ankle / foot arthrodesis / joint contracture OR ≤ 10 ankle dorsi flexion

3.12.1 Standing height ≤137cm; AND
3.12.2 Arm length ≤63cm; AND
3.12.3 Sum of standing height plus arm length ≤190cm.

9. **Process for Observation in Competition**
After the completion of the Evaluation session a Classification Panel may choose to observe the athlete during their first appearance in Competition to support their findings.

The athlete will be given the tracking status of Observation Assessment (OA) instead of a sport class status.

The panel will observe the athlete during their first appearance in competition to assess the impact of the athlete’s impairment during sparring or forms.

If the panel finds support for the allocated sport class they will give the athlete a sports class status.

However, if the panel finds that the athlete’s abilities are inconsistent with the Evaluation Assessment or the Sport Class assigned they may bring the athlete back for further Evaluation at the next competition.

If the panel’s findings are consistent with another sport class, the sport class may be changed.

The Technical Delegate or WT staff should be notified of the change immediately.
Appendix Two deals with Sport Classes for Athletes with Visual Impairment, and sets out the Minimum Impairment Criteria and assessment methodologies that apply for an Athlete with Visual Impairment to be eligible to compete in the sport of Taekwondo.

### Introduction

1.1 WT has designated Sport Classes for Athletes with Visual Impairment, which are defined in this Appendix.

1.2 WT currently revisits the Sport Classes for Athletes with Visual Impairment towards a sport-specific classification system based on activity limitations that result from Impairment. Until such a system is approved, the processes detailed in this Appendix apply to Athlete Evaluation in respect of Sport Classes for Athletes with Visual Impairment.

1.3 The processes detailed in this Appendix apply to Athlete Evaluation in respect of Sport Classes for Athletes with Visual Impairment.

1.4 The Sport Class allocated to Athletes with Visual Impairment applies to all events offered by WT/IBSA and IPC.

1.5 All provisions of the WT Athlete Rules apply to the Assessment of Athletes with Visual Impairment, except if otherwise specified in this Appendix.

### Eligibility Criteria

2.1 To be eligible to compete in Sport Classes P 11-13 in Para Taekwondo, the Athlete must meet both of the below criteria.

2.1.1 The Athlete must have at least one of the following eligible impairments,

- impairment of the eye structure;
- impairment of the optical nerve/optic pathways;
- impairment of the visual cortex of the central brain.

2.1.2 The Athlete’s eligible Impairment must result in a visual acuity of less than or equal to LogMAR 1.0 or a visual field restricted to less than 20 degrees radius.

2.2 It is the Athlete's and WT National Member Association's responsibility to provide sufficient evidence of the Athlete’s visual impairment. This must be done by way of submitting medical diagnostic information completed by an ophthalmologist no later than at the beginning of Athlete Evaluation.
2.3 The Medical Diagnostic Information must comprise the completed Medical Diagnostic Form (available on the WT webpage) and attached medical documentation. The submission must include, at a minimum:

2.3.1 Medical Diagnostic Form, with
- Athlete information
- Ophthalmologist information and signature
- Medical diagnosis
- List of medications currently used
- List of eye corrections (glasses, contact lenses, etc.) currently used, detailing the type and strength of correction, if applicable
- Description of any progressive condition, if applicable
- Visual acuity
- Visual field

2.3.2 Medical records and reports supporting the information on the Medical Diagnostic Form. Depending on the nature of the impairment, this includes:
- Visual Field Records: Visual Field has to be tested by full-field strategy; a 30° central field test will not be accepted. The assessment has to be done by one of the following devices: Goldmann Visual Field Perimetry, Stimulus III/4, Humphrey Field Analyzer (HFA), Twinfield (Oculus), Octopus (Interzeag), Rodenstock Peristat, Medmont (MAP).
- Electroretinography (ERG/EOG)
- Visual Evoked Potentials (VEP)
- Cerebral Magnet Resonance Imaging (MRI)
- Records of any eye surgery performed, and results of the outcome, if applicable

2.4 Medical Diagnostic Information must be typewritten and submitted in English and may not be older than 12 months on the date of Athlete Evaluation.

Assessment Methods
3.1 All Athlete Evaluation and Sport Class allocation will be based on the assessment of visual acuity in the eye with better visual acuity when wearing the best optical correction.

3.2 Athletes who compete using any corrective devices (e.g. glasses, lenses) must attend classification with these devices and their prescription.

3.3 An Athlete found to be using corrective devices during competition that were not declared during Athlete Evaluation may be subject to further investigation of Non-Cooperation during Evaluation or Intentional Misrepresentation.

3.4 Athletes must declare any change in their optic correction to IPC Athletics before any competition. If the Athlete has a Sport Class Status Review with a fixed date or Confirmed, the Athlete’s Sport Class Status will be changed to Review. The Athlete will then undergo Athlete
Evaluation prior to the next competition under the provisions of these Rules. Failure to do so may result in an investigation of Intentional Misrepresentation.

3.5 Any Athlete Support Personnel accompanying the Athlete in the Assessment room must remain out of sight of the visual acuity charts during Assessment.

3.6 Under the current provisions set forth in this Appendix, Observation Assessment does not apply to Athletes with Visual Impairment.

3.7 WT will inform the Organizing Committee and Organizing National Association of the equipment and room requirements for the assessment of Athletes with visual impairment after the Classification Panels have been appointed. It is the Organizing Committee’s responsibility to provide all equipment required by WT.

3.8 Failure to provide all equipment required by WT may result in the Classification decisions not being accepted by WT.

Sport Class Profiles for Athletes with Visual Impairment

4.1 Sport Class: **P 1**

4.1.1 Visual acuity is poorer than LogMAR 2.60.

4.1.2 All Athletes (except for those with prosthesis in both eyes) shall be required to wear opaque goggles for each individual and relay event for the full duration of the event. Athletes whose facial structure will not support goggles shall be required to cover the eyes with an opaque covering.

4.2 Sport Class: **P 12**

4.2.1 Visual acuity ranges from LogMAR 1.50 to 2.60 (inclusive), and/or

4.2.2 The Athlete has a visual field that is constricted to a radius of less than 5 degrees.

4.3 Sport Class: **P 13**

4.3.1 Visual acuity ranges from LogMAR 1.40 to 1 (inclusive), and/or

4.3.2 The Athlete has a visual field that is constricted to a radius of less than 20 degrees.
Appendix Three deals with Sport Classes for Athletes with Intellectual Impairment, and sets out the Minimum Impairment Criteria and assessment methodologies that apply to an Athlete with Intellectual Impairment to be eligible to compete in the sport of Taekwondo.

Introduction

1.1 WT has designated a Sport Class – Sport Class P20 – for Athletes with Activity Limitations that result from an Intellectual Impairment. These Athletes are referred to as Athletes with Intellectual Impairment.

1.2 The processes detailed in this Appendix apply to the conduct of Athlete Evaluation in respect of the Sport Class designated by WT/INAS for Athletes with Intellectual Impairment.

Eligibility Criteria

2.1 **WT Eligibility Criteria**

To be considered eligible to compete in WT World Para Taekwondo Championships as an athlete with an intellectual impairment, athletes must fulfil the provisional eligibility criteria as defined by INAS.

2.2 **INAS Eligibility Criteria**

To be considered eligible to compete as an athlete with an intellectual, athletes must fulfil the full eligibility criteria as defined by INAS which is based upon the World Health Organization and American Association on Intellectual and Developmental Disabilities (AAIDD).

The criteria state that an athlete must demonstrate:

1. Significant impairment in intellectual functioning. This is defined as 2 standard deviations below the mean, that is, a Full-Scale score of 75 or lower.

2. Significant limitations in adaptive behaviour as expressed in conceptual, social, and practical adaptive skills. This is defined as performance that is at least 2 standard deviations below the mean of, either one of the 3 types of adaptive behaviour (conceptual, social, or practical skills) or an overall score on a standardized measure of conceptual, social and practical skills.

3. Intellectual impairment must be evident during the developmental period, which is from conception to 18 years of age
3.1 If the athlete meets the requirements for INAS provisional eligibility and is listed on INAS master list for provisional eligibility the athlete will be awarded a Sport Class P20 with Review (R) Sport Class Status. This makes the athlete eligible to compete in WT World Para Taekwondo Championships.

3.2 Athletes that are listed for on INAS master list for full eligibility will be awarded a Sport Class P20 with Confirmed Sport Class Status and will be eligible to compete in WT World Para Taekwondo Championships and INAS Sanctioned or Promoted Championships.

3.3 If INAS determines that an Athlete is Not Eligible (NE), the provisions in Article Six of these Rules shall apply.
Appendix Four deals with Sport Classes for Athletes that are Deaf and/or hearing impaired and sets out the Minimum Impairment Criteria and assessment methodologies that apply in order for an Athlete who is Deaf and/or hearing impaired to be eligible to compete in the sport of Taekwondo.

Introduction

1.1 WT has designated Sport Class **KP60** for Deaf and/or Hearing Impaired Athletes These Athletes are referred to as Deaf Athletes.

1.2 The processes detailed in this Appendix apply to Athlete Evaluation in respect of Sport Classes for Deaf Athletes.

Eligibility Requirements

2.1 Participants in WT promoted, or sanctioned Competitions and Championships for Deaf Athletes must be:

*Deaf, defined as a hearing loss of at least 55dB pure tone average (PTA) in the better ear (three-tone pure tone average at 500, 1000 and 2000 Hertz, air conduction, ISO 1969 Standard)*

2.2 It is strictly forbidden for a competitor to use any kind of hearing aid(s)/amplification or external cochlear implant parts during the warm-up and competition within the restricted zone area. This is to prevent giving advantage over those not using amplification in sports.

2.3 In order for athletes to be eligible to compete in WT World Deaf-Taekwondo Championships the athletes must appear as eligible on the ISCD Master List.

Definition and Proof of Deafness

3.1 While ‘Deaf’ is defined as a hearing loss of at least 55dB PTA in the better ear (3-tone frequency average at 500, 1000 and 2000 Hertz, ISO 1969 Standard), critical hearing levels between 55-65dB shall be carefully examined.

**Exemption**

*If the athlete has Cochlear Implant in one ear, they do not need to be tested in that ear but the audiologist must clearly states on which ear the Cochlear Implant is on the Audiogram form. The athlete will still need to be tested on the non-Cochlear Implant ear.*

3.2 Every Member National Association is fully responsible to check and examine the hearing level of each of its athletes and the audiogram of each respective athlete for accuracy and genuineness.
3.3 Process to get on ICSD Athlete Master List

3.4 Each new athlete must use the official ICSD Audiogram form. The form can be downloaded from www.deaflympics.com/forms/audiogram.pdf

3.5 All four (4) types of audiogram testing below must be filled out entirely for EACH ear including:

3.5.1 Air Conduction
3.5.2 Bone Conduction
3.5.3 Tympanograms (Tympanometry)
3.5.4 Acoustic Reflexes (Reflexometry)

*Failure to observe the requirements will result in delayed approval.*

3.6 All Audiogram forms should be authorized and belong to the athlete being tested, and the validity of the forms must be guaranteed by the National Deaf Sport Federation. In the absence of a National Deaf Sport Federation the ICSD form can be submitted through the World Taekwondo Federation.

**ARTICLE 1. SCOPE AND APPLICATION**

**1.1 Introduction**
These International Paralympic Committee (“IPC”) Intentional Misrepresentation Rules (the “IM Rules”) implement Articles 10, 11, 12, 13 and 14 of the IPC Classification Code 2007 (“the Code”) across all Sports for which the IPC acts as International Federation (individually referred to as an “IPC Sport” and collectively as “IPC Sports”) and for IPC Recognised Competitions.

The Code provides that deceptive conduct that compromises the outcome of Athlete Evaluation should be subject to a disciplinary sanction. These IM Rules provide the basis upon which such conduct can be made the subject of a disciplinary process. The IM Rules are to be read in conjunction with, and as being supplemental to, the Classification Regulations of all IPC Sports.

**1.2 Application**
The IM Rules shall apply to:
