## HOW TO GET AN E-VISA?

You can apply for an e-visa via the Government of Uzbekistan's e-visa portal. For more information on the steps involved, please see below and our detailed e-visa guidelines. Currently, the Uzbekistan e-visa portal is available in English, Russian, and Uzbek.

### Step 1: Complete the application form

After entering the e-visa portal, you must fill in an application form. This involves providing personal data, indicating your planned date of entry into Uzbekistan, and attaching a portrait photo together with a scanned copy of your passport. If you are a citizen of a country with which there is an agreement on visa-free entry to Uzbekistan, the portal will terminate the application process and notify you that you do not need to obtain a visa.

### Step 2: Finalize the application and pay for the e-visa

After providing the information required, you must indicate the e-mail address to which the temporary link to the visa application and access code should be sent. After entering the access code on the portal, you will be able to pay for your Uzbekistan e-visa. After making the payment, you will receive a second email that confirms your request has been received.

### Step 3: Receive the e-visa

The processing time is 2 working days (excluding the day on which you submit your application). After this time, you will receive a notification by email.

If the visa has been granted, you will receive an electronic visa in the form of a PDF file that can be saved on your phone or printed for presentation at the border.

If the visa has not been granted, you will also receive a notification by email.

Reasons for the refusal may include an incorrectly completed application form, errors and inconsistencies in the information provided, or specific circumstances defined in Uzbekistan's legislation. Even if the visa is not granted, the fee paid is not refundable.

## Additional details and information

- The applicant is responsible for the accuracy of the information he or she provides and/or of information that is sent to him or her as part of the process of obtaining an electronic visa to Uzbekistan.
- The applicant does not need to be the owner of the VISA card used to pay the fee for an electronic visa
- In case of future or additional applications for an electronic visa, the applicant must pay the fee again.
- The applicant must request an electronic visa for a valid passport. If the passport is replaced, the applicant must obtain a new visa.
- An applicant with dual citizenship must, when applying for an electronic visa, enter the data of the passport that he or she plans to use to enter Uzbekistan. The e-visa online application form has a box for 'Citizenship of other states'. We recommend ignoring this box (even if you are a dual national) because ticking it often results in a system error. There should be no need to provide information on your other passport to obtain the e-visa, or to show this other passport when entering or travelling around Uzbekistan.
- The citizens of some countries are not eligible for the simplified visa procedure. If the applicant chooses one of these countries when applying for an electronic visa, the system will notify the appropriate embassy or consulate of Uzbekistan abroad.
- Notifications about the acceptance of e-visa applications and payments, including information about issuance or cancellation of the e-visa, will be sent to the applicant's e-mail address. Therefore, applicants should enter their e-mail addresses carefully.
- If the applicant experiences technical problems when using the portal, he or she should contact (+998 71) 200-00-88, or send an email to [info@evisa.gov.uz](mailto:info@evisa.gov.uz).

**For these countries, who is not in the list of visa-free or e-visa countries, Uzbekistan visa is required. For additional information, regarding the process of obtaining the visa, kindly contact: [zorro.travel@hotmail.com](mailto:zorro.travel@hotmail.com); +99899 4854541/ +99899 4854542**
