### 3. Discussion and Recommendation

- a. Regulation on Administration of Educators
  - *Issue: Qualified potential educators are not able to pass the current Educator Certification Course due to presentation and test in English.*
  - *Discussion: Delivery of coach course in local languages is more effective, therefore it is necessary to certify qualified educators who do not have good command of English.*
  - *Recommendation: Amend the Regulation on Administration of Educators to create the category of Educator for Level I Coach Course (English is not restriction).*
- b. Registration fee for Level I International Coaches
  - *Issue: There are concerns about the registration fee especially for Level I coach certification course which seems the participants cannot afford.*
  - *Discussion: Registration fee for International Coach Certification Course should be determined taking into account the financial situation of the country and capacities of the pertinent MNA.*
  - *Recommendation: In principle, the registration fee for International Coach Certification Course should be US\$300 for Level II and US\$200 for Level I but WT can adjust the amount taking into account the financial capacity of the country based on the data collected by the WT and GMS team.*
- c. Curriculum for Level I, II International Coaches
  - *Issue: There are demands for providing technical program for actual athlete training at least at the level I coach course.*
  - *Discussion*
    - *The curriculum for Level and Level II should be identical.*
    - *It is essential to allow use of local language during the coach course.*

- *In general, the certification course should be focused on capacity building and creating more access to participants rather than generating revenue.*
  - *So far, there is not much benefit for Level coach course.*
  - *Recommendation:*
    - *The curriculum for coach course should be identical for the time being with more online education supplemented.*
    - *Benefit for Level I coach course should be considered.*
